

Plasterboard faced door within a 65mm deep beaded frame

2 Hour Fire Rated

APPLICATION

This unit's frame and door are designed to be taped and jointed/skimmed when fitted within plasterboard lined applications for metal track systems, timber studs or concrete blockwork.

DESCRIPTION

This access panel has a plasterboard faced door and is supplied with a beaded frame for plaster skim on site to fully conceal the access panel. The panel has a mini piano hinge system welded to the door and bolted to the frame when assembled. The panel is fitted with **3-point locking** as standard, but other locking options are available.

MATERIALS & FINISHES

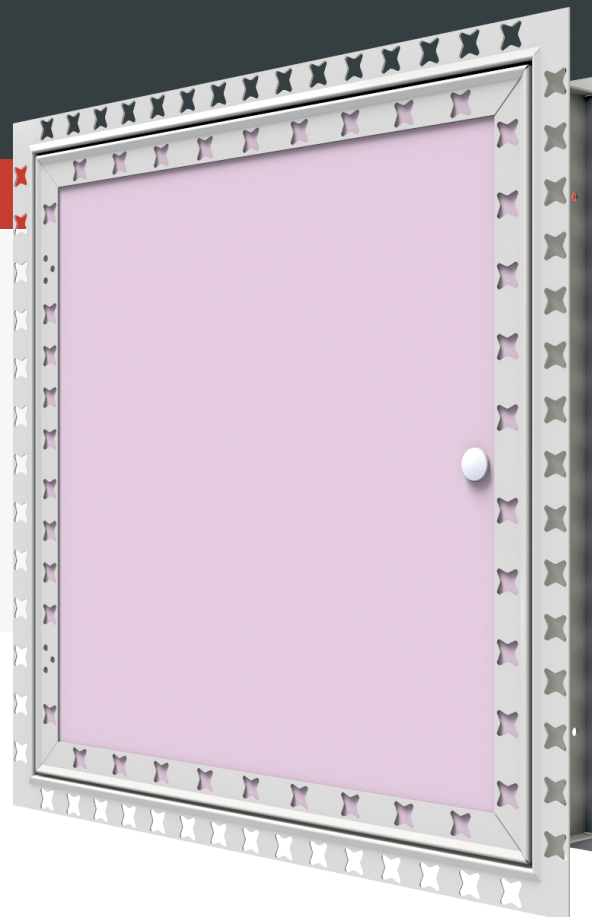

Intrepid access panels are manufactured from 1.2mm thick Zinc plated mild steel (BS EN 10025) for maximum rigidity. Stainless steel finishes are also available.

The Access panels are painted in a polyester powder coating (BS EN 12206-1:2004) – White - RAL 9010 textured, as standard. This paint texture blends well with your plastered painted walls and can be overpainted with ease. Other colours are available to match your finished area.

SIZING	PANEL SIZE	STRUCTURAL OPENING	CLEAR OPENING WITH DOOR OPEN
EXAMPLE	600 x 600	610 x 610	576 x 561
FORMULA	Height	+ 10	- 24
	Width	+ 10	- 39

All measurements shown in the above table are in mm.

Note: This access panel has been tested and assessed for 2300mm x 620mm, sizes manufactured over this size would be constructed to the same design.

RATING

- Tested to BS EN 1634-1:2014+A1 2018 and is fire rated for up to 120 minutes when mounted vertically in rigid and standard flexible constructions.
- Fire rated for up to 60 minutes when mounted horizontally in a standard MF ceiling.

OTHER LOCK TYPES AVAILABLE

- 5mm bit insert into 3-point locking
- IP65 tamperproof insert into 3-Point locking

INSTALLATION

Intrepid supply installation instructions in the form of labels on the rear of the doors. The label will have the relevant certification standard that it complies to clearly marked. As part of our quality system, you will also find on the label, the identity mark of the quality inspector, who has done the final checks on your product.
